## NOT A PARTY VICTORY.

Democrats Are Only on Probation, New York World Says.

The New York World (Democratic), in Wednesday's issue, under the caption "A New Birth of Freedom," says: "Under the leadership of Woodrow Wilson the Democratic party has won its greatest victory since 1852.

"But this victory is no tawdry partisan triumph. It is not a vote of confidence in the Democratic party as a party. It is a mandate from the people and woe unto the leaders of this Democracy if they falter in obedience to that mandate.

"The country is seething with political discontent in spite of its unparalleled material wealth and prosperity. This discontent is confined to no particular class or section. Rich and poor alike, children of fortune and children of poverty, have begun to lose faith in the efficacy of their government to establish justice and promote the general welfare.

"They are not sure where the fault lies; they are not united as to the remedy, but this they know—that their institutions have been seized by privileged interests and turned against them; that subtle, mysterious forces operating unseen have proved time after time that their power over public affairs was greater than the power of the people as a whole, and they demand that their government be emancipated from this partnership.

"This is the great work that confronts Woodrow Wilson and the Democratic party—to restore popular confidence in the institutions of the republic and re-establish a government of the people, by the people and for the people.

"If he should fail, the consequences must be doubly disastrous. If he succeeds, as the world believes he will, a new era will have begun in American history, with a new vindication of republican institutions and a new vindication of the immortal principles of the republic. This nation will indeed have a new birth of freedom."

Miss Nannie Furlong returned to her home, near Bedison, Wednesday evening from a few days' visit with Miss Jennie Diem, south of Maryville, and her sisters, Misses Alice and Edna Furlong, in this city.

James Evans and George Willson of Sheridan were transacting business in the city Wednesday.

## FOUR TEAM LEAGUE

BASKET BALL ORGANIZATION FORMED HERE.

## TO REPRESENT SCHOOLS

Normal, High School and Business College Are In and Will Compete With Independent Team.

Representatives of the Normal, high school and Business college and Secretary John I. Hoffman of the Commercial club met in the parlors of the Linville hotel Wednesday night and organized a basket ball league, which is to be composed of teams from each of the above named institutions and an independent team, which will likely be captained by Mr. Hoffman. Athletic Director V. J. Moore of the Normal, who acted as temporary chairman of the meeting, suggested that Mr. Hoffman be elected president of the league, which plan was carried out. Prof. Moore was elected secretary and treasurer of the organization. It was voted that President Hoffman appoint an executive committee to meet in the near future and perfect rules and regulations for the league.

The league will probably open about the first of December and close the latter part of January.

## CAUGHT WITH THE GOODS.

Springfield Claims That Maryville Stolen is Their Property.

The following is from today's Missouri Notes in the Kansas City Times:

The Springfield Republican asserts that the Maryville slogan, "Maryville Has It," which was suggested by this department after many days of earnest study, is the property of the Young Men's Business club of Springfield, which paid ten regular iron dollars a long time ago to the man who said that "Springfield Has It." Just exactly what Springfield has at this time is a matter of grave conjecture, but it appears to be a hermetically sealed cinch that it hasn't a slogan. Maryville has it.

N. B.—The uncertain returns from Kansas made it extremely doubtful as to who has the \$5 which the Maryville Commercial club forwarded to this able column.

**HOSMER RESIDENCE SOLD.**

J. M. Conley the Purchaser, and Will Take Possession December 5.

Mrs. J. M. Hosmer sold her residence property on North Main street this week to J. M. Conley of this city. Possession will be given in December. Mrs. Hosmer will probably continue to make her home in this city.

## 104 NAMES SECURED

ENROLLMENT IN SHORT COURSE PASSES CENTURY MARK.

## STILL MORE ARE WANTED

Much Competition for These Branch Courses Makes Active Hustling Necessary to Secure One.

A meeting of the executive committee having charge of securing a branch short course for Maryville met Thursday morning and are to make other efforts to secure a large enrollment for this course. Up to the present time 104 names have been secured and all of these promise to attend the week's course of lectures on farm methods and agricultural matters.

On Saturday a committee will work in Maryville on these farmers that will be here. Then on Tuesday a committee composed of about fifteen men will make another trip over the county to secure more people.

As a number of places are after these branch courses given by the agricultural college at Columbia, Maryville will have to do some hard work to secure one this year. It will take a large enrollment of farmers and also a great deal of interest.

Maryville had this course last year and it was a great success. Many farmers were in attendance and a great deal of interest taken in

**Mothers' Circle Wednesday.**

The Mothers' Circle meeting on Wednesday afternoon in the auditorium of the high school, when the Mothers' club of Pickering was their guest, was well attended and enjoyed by everyone. The program was carried out as given the day previous, excepting that Rev. Randolph was out of the city, and devotional services were conducted by Rev. Claude J. Miller, who gave an address that was full of good advice and encouragement to the mothers, for he believes in the ability of women to bring about the reforms needed to reduce to a minimum the dangers that now threaten the well-being of our boys and girls. He is a strong advocate of woman's suffrage, and said he believed that it would be necessary to drive the evil of the liquor traffic out of existence. Rev. Miller said he believed he could meet any man, no matter how many arguments he might produce against giving the ballot to women, and give him reason for reason why they should have that right. He spoke of the time he went to the polls in Colorado with his mother and cast his vote with her, and then told of the difference in the surroundings in other places he has voted where women do not have that right. He told the mothers that they could help make the picture shows what they ought to be and bring about the enforcement of the curfew law. After the program a luncheon followed in the domestic science rooms, given under the direction of Miss Dora Carpenter, superintendent of that department. The members of the Pickering Mothers' club present were Mrs. E. L. Crowsen, Mrs. Roy Wofers, Mrs. C. A. Wofers, Mrs. J. S. Garten, Mrs. L. H. Hood, Mrs. Gordon Swinford, Mrs. Hall, Mrs. W. E. Hinnton, Mrs. Roland Wray, Mrs. John McGuire, Mrs. F. M. Lindemeyer, Mrs. Charles Alexander, Mrs. Joseph Everhart, Mrs. A. F. Shreaves, Mrs. Howard Wray.

The address of Miss Hettie Anthony on "Food Sanitation" was much enjoyed and appreciated, especially by those who had not heard her before. Miss Anthony said at the beginning that she would like to talk to her audience of mothers on the subject of the responsibility of fathers, which she considers a neglected subject, and the feeding of small children. Miss Anthony is a fine analyzer of things, and the mothers are already thinking of having her speak again soon on any subject she may choose.

During the meeting Mrs. Ogden, president of the Maryville Circle, asked the Pickering Mothers' club to tell how it is that they are making such a success of their work and how they managed to do it. Mrs. Howard Wray, the president of the Pickering club, responded and said that it was started in the first place merely as a social diversion, because it was thought that the mothers needed rest. Then it gradually got more in earnest and now they are carrying on a good work there, in which the whole town is interested, as it is the only club of the kind in town, and they are studying questions of wide interest.

The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thyme and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We ourselves vouch for the D.D.D.

KANSAS GOVERNOR  
MAY BE DEMOCRAT

Late Returns Show Democrats Leading State and National Tickets.

## CRAWFORD COUNTY FOR DEBS

First County in State Ever Carried for Socialists—Stubbs Concedes Defeat—Legislature Probably Democratic.

Topeka, Nov. 7.—When the headquarters of the Republican and Democratic committees closed shortly after midnight it was generally believed that the Democratic landslide which swept the country Tuesday had included Kansas.

Partial and complete returns from 92 counties indicated that Wilson had carried the state by about 20,000 majority and that Gov. Stubbs had been beaten for the United States senate by Judge W. H. Thompson, and that George H. Hodges, Democrat, had a slight lead over Arthur Capper, Republican, for governor.

Judge Thompson's majority is estimated at about 15,000. Gov. Stubbs at 10 o'clock was willing to concede his defeat, though Republican Chairman Dolley wanted to wait a little longer.

On the face of the returns, Capper has been beaten for governor, but he is unwilling to admit it, and still claims the election by about 3,000 majority, maintaining that the race will not be definitely decided until every precinct has reported.

Wyandotte gave Roosevelt his biggest plurality, 1,271. He ran ahead in a majority of the city precincts of Kansas City, Kan., and almost even with Wilson in the big Democratic precincts. The vote in Wyandotte county was Roosevelt 8,090, Wilson 6,816, Taft 1,913, Debs 1,129.

In Wyandotte county occurred the only notable difference between the vote of Roosevelt and Stubbs. The latter lost Wyandotte by 275. In practically every other instance Roosevelt carried the counties that Stubbs carried.

The state officials have a really uncomfortable margin, and hundreds of district and county offices of the Democratic faith have been named to take the place of Republicans in the strong Republican and Progressive counties of the state.

The legislature looks as if it would be Democratic on the total vote, with the senate in charge of the Republicans and the house Democratic.

Comparatively little has been received on the state tickets except for governor and senator. A close race is expected between Attorney General Dawson, Republican candidate for reelection, and Chauncey B. Little, his Democratic opponent, who has shown considerable strength in many sections. Charles H. Sessions, it is confidently believed, has been re-elected secretary of state.

## Wagener for Senate.

Atchison, Kan., Nov. 7.—Complete returns from 27 out of 29 precincts in Atchison county show the following: For president, Taft 1,194, Wilson, 1,901, Roosevelt 883. For governor, Capper 2,060, Hodges 2,128. For congress, first district, D. R. Anthony 1,872, J. R. Chapman 2,563. United States senator, Stubbs 1,680, Thompson, 2,429.

For state senator from the Atchison-Jackson county district, B. P. Wagener carried the county over A. J. White, Republican, by 1,750 majority. For representative city district, J. W. Orr defeated Wilbur Adams, Republican, by 725 majority. In the county district, U. S. Sharpless, Republican, had no opposition. Sheffield Ingalls, for Lieutenant governor, ran ahead of his ticket in this, his home county.

## A Taggart Victory.

Kansas City, Kan., Nov. 7.—Joseph Taggart was re-elected representative from the second district of Kansas. He is the first Democrat to ever be returned from that district without the aid of another party.

Mr. Taggart carried seven of the nine counties in the district, according to reports received so far. He carried his home county of Wyandotte by 2,047. The returns received give him the district by an estimated majority of 3,220 over J. L. Brady of Lawrence.

Mr. Taggart was first elected to congress a year ago to fill the vacancy caused by the death of Alexander Mitchell.

## Big Victory for Women.

Topeka, Nov. 7.—The woman suffrage amendment vote is growing as the vote comes in and the indications now are the amendment has carried by 30,000 majority. Thousands of voters failed to vote against or for the amendment.

## Debs Carried a County.

Pittsburg, Kan., Nov. 7.—Debs carried one county in Kansas. His majority in Crawford county on the final count is 100. Wilson ran second and Taft third.

The race for governor in this county was between Hodges, Democrat, and Klehege, the Socialist candidate. Debs did not carry his candidate through with him, but the race was close, the county going to Hodges by a vote of 3,741 to 3,663 for Klehege.

Crawford is the first county in Kansas ever carried by the Socialists.

## WILSON IS STILL GAINING

ACCURATE ESTIMATE ON POPULAR VOTE IMPOSSIBLE.

Surprising Changes Noted in Some States on Late Returns—Idaho Goes Over to Taft.

New York, Nov. 7.—Only the uncertainty of a few close states, whose electoral vote in no way can affect the election of Wilson and Marshall, speculation over the popular vote of the three presidential candidates, and the complexion of legislatures that will name United States senators, held interest during the night in the final returns of the general election.

The total of the Republican electoral column apparently was fixed at the 12 votes of Idaho, Utah and Vermont; but the footing of the Wilson and Roosevelt columns flickered alternately during the afternoon and night, as late returns gave indications of change from the results previously accepted.

On the basis of the latest returns, with the vote of Iowa, Kansas and Minnesota given to Wilson, and South Dakota and Wyoming placed in the "doubtful" column, Wilson had 422 certain votes in the electors' college; Roosevelt 89 and Taft 12.

All of the doubtful states except South Dakota gave indications of leaning in the Wilson list; while South Dakota showed a general trend toward a Roosevelt plurality.

It is impossible to compute with any accuracy the popular vote of any of the presidential candidates, and it will be a number of days until the counting of the three-cornered contest in the different states is concluded and an accurate tabulation of the popular vote made possible.

There were many surprises throughout the night. New Hampshire, first credited to Taft, went into the Wilson column, with a majority of about 1,500. Returns from Idaho, which came in late, first favored Wilson so strongly as to create the belief that it would give him its electoral vote, but later returns made it the third state to go certainly for President Taft.

With almost complete returns from 73 counties in Iowa Wilson continued to maintain his earlier lead over Roosevelt, with the majority for the counties indicated of more than 13,600.

The company's plant, it is planned, will be located in Kansas City. According to the subscription agreement, subscribers will get \$1,000 par value of preferred stock and \$3,000 par value of common stock for each \$1,000 subscribed.

## Largest Plurality of Record.

Liberty, Mo., Nov. 7.—Official figures in the third congressional district indicate the election of Joshua W. Alexander, Democrat, by a plurality of between 13,000 and 15,000, the largest the district has ever given a congressional candidate. Judge Francis H. Trimble of Liberty, elected to the Kansas City court of appeals, has the largest vote of any Democrat running in the third district, his majority over his Bull Moose opponent being about 20,000. Francis M. Wilson of Platte City, was re-elected as senator from the third district by an almost unanimous vote.

# FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS  
FALLING HAIR AT ONCE--GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it--no dandruff--no itching scalp and no more falling hair--you must use Knowlton's Danderine. If eventually--why not now? A 25-cent bottle will truly amaze you. Advertisment.

## MAJOR RUNNING AHEAD OF WILSON

Missouri Governor's Majority Bids Fair to Break State Records.

### RETURNS ALMOST COMPLETED

Remainder of State Democratic Ticket Only Slightly Behind Leaders--Progressives Plan Coming Campaign.

St. Louis, Nov. 7.—Latest returns received during the night have increased the Democratic majority for the state and national tickets in Missouri to more than 100,000.

Major, the governor-elect, is running slightly ahead of Wilson. If the same ratio is maintained in the returns yet to come in the Democratic majorities will be more than 125,000, the largest in the history of the state.

With complete returns from 24 counties and the city of St. Louis, and incomplete returns from all except eleven small counties in Missouri, Major's vote was 237,423, Taft's 134,412 and Roosevelt's 86,914. At this rate the Progressive vote in Missouri will be more than 125,000—a figure twice as large as any of the politicians would concede before the returns had begun coming in.

#### Major Running Ahead.

While Wilson's plurality from the returns already in is 102,981 over Taft in the state, Major's is more than 105,700. The remainder of the Democratic state ticket will run several thousand votes behind Wilson and Major, but all will have large pluralities.

The more complete returns indicate the sweeping nature of the Democratic landslide. Of the 142 members of the lower house of the legislature, the Democrats have won 112 to a certainty and ten seats are still in doubt. The Democrats probably will win a few of these doubtful seats, cutting the Republican representation down to less than 35.

#### A Progressive Won.

Even St. Louis county, felt the effects of the jolt. The Progressives and Democrats combined to overthrow the boss machine and succeeded in a large measure. A Democrat was elected to the legislature and a Progressive to the office of public administrator. Several other county offices were won by the Democrats, almost the first time since the war. F. H. Pehle, the Progressive candidate for state senator, who was also backed by the Democrats, lost by only a small margin.

Of the 18 seats in the state senate, which were to be decided upon, the Republicans won only three, two seats from St. Louis and one from an Ozark district. The Democrats carried the other St. Louis district and the district centering around Sedalia increasing their already large majority in that body by two seats.

Congressman Richard Bartholdt, Republican, was returned to Washington for his eleventh consecutive term from the tenth district by the slim margin of 944 votes, although two years ago he carried his district, the tenth, by a plurality of 23,244. His chief opponent, Maurice O'Connor, Democrat, 26 years old, received 24,701 votes to Bartholdt's 25,645.

#### Progressives Not Discouraged.

The Progressives here generally are hailing the size of their vote over the state which will be well above 100,000 as a victory. They say that it has demonstrated the permanence of the Progressive party.

They already are making plans for the coming campaigns and here in St. Louis will have a complete city ticket in the field at the municipal election.

#### MINOR PARTIES MADE BIG GAINS

Socialists in Jackson County Nearly Doubled Former Vote—"Drys" Increased Also.

Kansas City, Nov. 7.—The Socialist vote in Jackson county was nearly double what it was four years ago. Debs for president received a total of 778 votes Tuesday. Four years ago he received 394 votes. His vote in Kansas City was 1,565 and 213 in precincts outside the city.

The Prohibition party shows a gain also. Chaffin received a total of 395 votes in the entire county Tuesday. Four years ago his vote was 248.

The Socialist-Labor party more than doubled its vote of four years ago. Tuesday the party polled 171 votes in the county. Four years ago the vote was 68.

Two parties in the race four years ago did not have tickets in the field this time. They were the People's party, which polled 46 votes here in 1908, and the Independence league, with 35 votes in 1908.

#### Republican Judges Defeated.

Springfield, Mo., Nov. 7.—The defeat of the Republican candidates for re-election as judges of the Springfield court of appeals by the Democratic nominees was conceded during the afternoon by presiding Judge J. P. Nixon and Judge Argus Cox, who live here. Judge Howard Gray of Carthage also was defeated. The successful candidates are John S. Warington of Springfield, W. R. Robertson of Webb City and J. T. Sturgis of Neosho.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

#### Cardui worked like a charm.

Please try it, for your troubles.

### MEXICAN REBELS STILL ACTIVE

Zapatistas Defeated Federals at Several Points—Killed Officials in Three Towns.

Mexico City, Nov. 7.—Hordes of Zapatistas have surrounded Cuernavaca and according to dispatches are in control of the city. Great alarm prevails here over this new rebel advance.

General Blanquet and 800 men have been rushed to the city from the capital. It is reported the Zapatistas have defeated the federals in several small engagements.

In taking Xochitepec and Yautepéc the Zapatistas are reported to have assassinated all the town officials in the public square and burned the public buildings. Renewed rebel activities are reported in the state of Oaxaca.

#### Say Slaver is Insane.

Wichita, Kan., Nov. 7.—Relatives of Daniel Delsher, the 21-year-old stepson who murdered Mrs. Charles Delsher, shooting her twice, believe him to be insane. After the shooting and while the entire police force was trying to find him he walked two miles to town and went to a vaudeville show. After the show, with a smile on his face, he went to the police station where he gave himself up. He will not talk.

#### Capital Plans Approved.

Jefferson City, Nov. 7.—The board of permanent seat of government approved the plans of the new state capitol and the form of contract entered into between the capitol commission and Evans & Swartout, architects. E. W. Stephens said the capitol will be completed in the next four years.

#### One Republican Won.

Guthrie, Ok., Nov. 7.—Representative Bld S. McGuire of the first Oklahoma district will be the only Republican elected from Oklahoma, according to returns thus far received. McGuire will defeat John Davis of Chandler by a good margin. The vote was light in this district. The grandfather clause was rigidly enforced and but few negroes voted.

#### Killed Over Election.

Fort Smith, Ark., Nov. 7.—As a result of a disagreement over the election, Charles Draper shot and killed Joel James at Soper, Ok. Draper was arrested.

Taylor announced Thursday morning that at the noon hour on Friday morning he would conduct all visitors to the roof of the Normal building who wished to get an excellent view of the city and surrounding county. The morning session opened with devotional exercises, conducted by Rev. Lee Harrel of the Baptist church of this city, and with a musical program by the Normal chorus.

The address of welcome to the teachers was given by President H. K. Taylor of the Normal. The response was made by Leslie M. Dobbs, superintendent of the Andrew county schools. C. H. Allen of Gentry county presided at this morning's session.

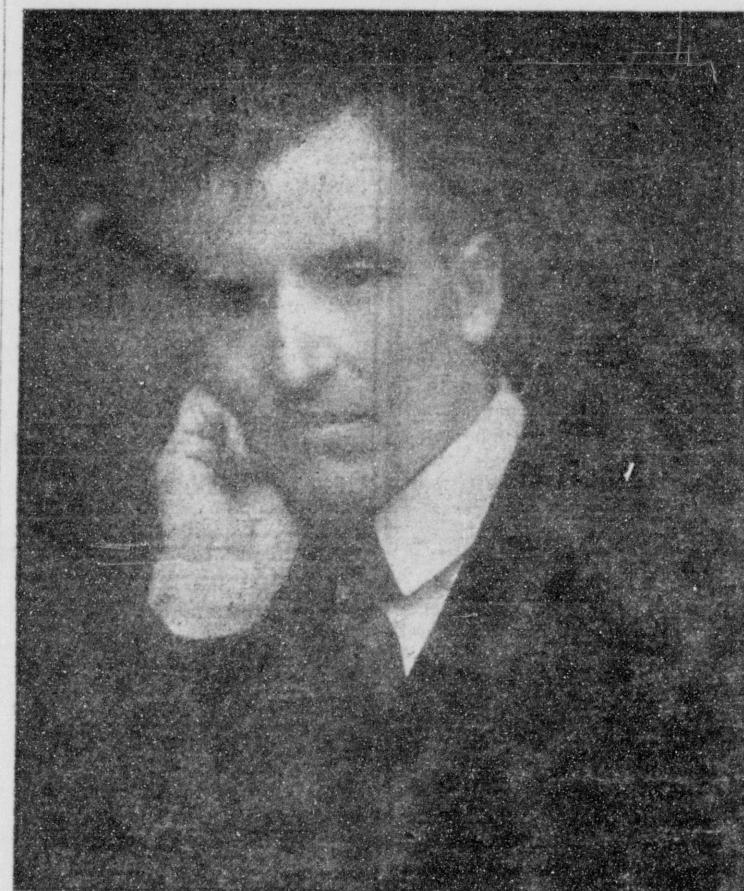

This afternoon the opening exercises were given by the Maryville public schools, which was followed by a lecture from Dr. Herman E. Pearce of Kansas City. A discussion of the various school problems occupied a greater part of this afternoon's program. Those who were on the program for this afternoon were Superintendent C. A. Hawkins of the Maryville schools, Charles L. Mosley of the Stanberry schools, R. J. Spickerman of the Rock Port schools, J. U. Clossen of the Mound City schools, A. H. ## NOT A PARTY VICTORY.

Democrats Are Only on Probation, New York World Says.

The New York World (Democratic), in Wednesday's issue, under the caption "A New Birth of Freedom," says: "Under the leadership of Woodrow Wilson the Democratic party has won its greatest victory since 1852.

"But this victory is no tawdry partisan triumph. It is not a vote of confidence in the Democratic party as a party. It is a mandate from the people and woe unto the leaders of this Democracy if they falter in obedience to that mandate.

"The country is seething with political discontent in spite of its unparalleled material wealth and prosperity. This discontent is confined to no particular class or section. Rich and poor alike, children of fortune and children of poverty, have begun to lose faith in the efficacy of their government to establish justice and promote the general welfare.

"They are not sure where the faults are; they are not united as to the remedy, but they know—that their institutions have been seized by privileged interests and turned against them; that subtle, mysterious forces operating unseen have proved time after time that their power over public affairs was greater than the power of the people as a whole, and they demand that their government be emancipated from this partnership.

"This is the great work that confronts Woodrow Wilson and the Democratic party—to restore popular confidence in the institutions of the republic and re-establish a government of the people, by the people and for the people.

"If he should fail, the consequences must be doubly disastrous. If he succeeds, as the World believes he will, a new era will have begun in American history, with a new vindication of republican institutions and a new vindication of the immortal principles of the republic. This nation will indeed have a new birth of freedom."

## 104 NAMES SECURED

ENROLLMENT IN SHORT COURSE PASSES CENTURY MARK.

## STILL MORE ARE WANTED

Much Competition for These Branch Courses Makes Active Hustling Necessary to Secure One.

A meeting of the executive committee having charge of securing a branch short course for Maryville met Thursday morning and are to make other efforts to secure a large enrollment for this course. Up to the present time 104 names have been secured and all of these promise to attend the week's course of lectures on farm methods and agricultural matters.

On Saturday a committee will work in Maryville on these farmers that will be here. Then on Tuesday a committee composed of about fifteen men will make another trip over the county to secure more people.

As a number of places are after these branch courses given by the agricultural college at Columbia, Maryville will have to do some hard work to secure one this year. It will take a large enrollment of farmers and also a great deal of interest.

Maryville had this course last year and it was a great success. Many farmers were in attendance and a great deal of interest taken in every lecture given.

**Mothers' Circle Wednesday.**

The Mothers' Circle meeting on Wednesday afternoon in the auditorium of the high school, when the Mothers' club of Pickering was their guest, was well attended and enjoyed by everyone. The program was carried out as given the day previous, excepting that Rev. Randolph was out of the city, and devotional services were conducted by Rev. Claude J. Miller, who gave an address that was full of good advice and encouragement to the mothers, for he believes in the ability of women to bring about the reforms needed to reduce to a minimum the dangers that now threaten the well-being of our boys and girls. He is a strong advocate of woman's suffrage, and said he believed that it would be necessary to drive the evil of the liquor traffic out of existence. Rev. Miller said he believed he could meet any man, no matter how many arguments he might produce against giving the ballot to women, and give him reason for reason why they should have that right. He spoke of the time he went to the polls in Colorado with his mother and cast his vote with her, and then told of the difference in the surroundings in other places he has voted where women do not have that right. He told the mothers that they could help make the picture shows what they ought to be and bring about the enforcement of the curfew law. After the program a luncheon followed in the domestic science room, given under the direction of Miss Dora Carpenter, superintendent of that department. The members of the Pickering Mothers' club present were Mrs. E. L. Crowson, Mrs. Roy Wolfers, Mrs. C. A. Wolfers, Mrs. J. S. Garten, Mrs. L. H. Hood, Mrs. Gordon Swinford, Mrs. Hall, Mrs. W. E. Huntington, Mrs. Roland Wray, Mrs. John McGuire, Mrs. F. M. Lindemeyer, Mrs. Charles Alexander, Mrs. Joseph Everhart, Mrs. A. F. Shreaves, Mrs. Howard Wray.

The address of Miss Hettie Anthony on "Food Sanitation" was much enjoyed and appreciated, especially by those who had not heard her before. Miss Anthony said at the beginning that she would like to talk to her audience of mothers on the subject of the responsibility of fathers, which she considers a neglected subject, and the feeding of small children. Miss Anthony is a fine analyzer of things, and the mothers are already thinking of having her speak again soon on any subject she may choose.

During the meeting Mrs. Ogden, president of the Maryville Circle, asked the Pickering Mothers' club to tell how it is that they are making such a success of their work and how they managed to do it. Mrs. Howard Wray, the president of the Pickering club, responded and said that it was started in the first place merely as a social diversion, because it was thought that the mothers needed rest. Then it gradually got more in earnest and now they are carrying on a good work there, in which the whole town is interested, as it is the only club of the kind in town, and they are studying questions of wide interest.

**Doctors Use This for Eczema**

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out and so salves and ointments are of little value. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription.

Dr. Holmes, the well known skin specialist, writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years." We ourselves vouch for the D.D.D. ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

## KANSAS GOVERNOR MAY BE DEMOCRAT

Late Returns Show Democrats Leading State and National Tickets.

### CRAWFORD COUNTY FOR DEBS

First County in State Ever Carried for Socialists—Stubbs Concedes Defeat—Legislature Probably Democratic.

Topeka, Nov. 7.—When the headquarters of the Republican and Democratic committees closed shortly after midnight it was generally believed that the Democratic landslide which swept the country Tuesday had included Kansas.

Partial and complete returns from 92 counties indicated that Wilson had carried the state by about 20,000 majority and that Gov. Stubbs had been beaten for the United States senate by Judge W. H. Thompson, and that George H. Hodges, Democrat, had a slight lead over Arthur Capper, Republican, for governor.

Judge Thompson's majority is estimated at about 15,000. Gov. Stubbs at 10 o'clock was willing to concede his defeat, though Republican Chairman Delley wanted to wait a little longer.

On the face of the returns, Capper has been beaten for governor, but he is unwilling to admit it, and still claims the election by about 3,000 majority, maintaining that the race will not be definitely decided until every precinct has reported.

Wyandotte gave Roosevelt his biggest plurality, 1,274. He ran ahead in a majority of the city precincts of Kansas City, Kan., and almost even with Wilson in the big Democratic precincts. The vote in Wyandotte county was Roosevelt 8,090, Wilson 6,816, Taft 1,913, Debs 1,129.

In Wyandotte county occurred the only notable difference between the vote of Roosevelt and Stubbs. The latter lost Wyandotte by 276. In practically every other instance Roosevelt carried the counties that Stubbs carried.

The state officials have a really uncomfortable margin, and hundreds of district and county offices of the Democratic faith have been named to take the place of Republicans in the strong Republican and Progressive counties of the state.

The legislature looks as if it would be Democratic on the total vote, with the senate in charge of the Republicans and the house Democratic.

Comparatively little has been received on the state tickets except for governor and senator. A close race is expected between Attorney General Dawson, Republican candidate for reelection, and Chauncey B. Little, his Democratic opponent, who has shown considerable strength in many sections. Charles H. Sessions, it is confidently believed, has been re-elected secretary of state.

Waggener for Senate. Atchison, Kan., Nov. 7.—Complete returns from 27 out of 29 precincts in Atchison county show the following: For president, Taft 1,194, Wilson, 1,901, Roosevelt 883. For governor, Capper 2,050, Hodges 2,128. For congressman, first district, D. R. Anthony 1,872, J. R. Chapman 2,563. United States senator, Stubbs 1,680, Thompson 2,429.

For state senator from the Atchison-Jackson county district, B. P. Waggener carried the county over A. J. White, Republican, by 1,750 majority. For representative city district, J. W. Orr defeated Wilbur Adams, Republican, by 725 majority. In the county district, U. S. Sharpless, Republican, had no opposition. Sheffield Ingalls, for Lieutenant governor, ran ahead of his ticket in his home county.

Taggart Victory. Kansas City, Kan., Nov. 7.—Josephine Taggart was re-elected representative from the second district of Kansas. He is the first Democrat to ever be returned from that district without the aid of another party.

Mr. Taggart carried seven of the nine counties in the district, according to reports received so far. He carried his home county of Wyandotte by 2,047. The returns received give him the district by an estimated majority of 3,220 over J. L. Brady of Lawrence.

Mr. Taggart was first elected to congress a year ago to fill the vacancy caused by the death of Alexander Mitchell.

Big Victory for Women. Topeka, Nov. 7.—The woman suffrage amendment vote is growing as the vote comes in and the indications now are the amendment has carried by 30,000 majority. Thousands of voters failed to vote against or for the amendment.

Debs Carried a County. Pittsburg, Kan., Nov. 7.—Debs carried one county in Kansas. His majority in Crawford county on the final count is 100. Wilson ran second and Taft third.

The race for governor in this county was between Hodges, Democrat, and Kleihege, the Socialist candidate. Debs did not carry his candidate through with him, but the race was close, the county going to Hodges by a vote of 3,741 to 3,663 for Kleihege.

Crawford is the first county in Kansas ever carried by the Socialists.

## WILSON IS STILL GAINING

ACCURATE ESTIMATE ON POPULAR VOTE IMPOSSIBLE.

Surprising Changes Noted in Some States on Late Returns—Idaho Goes Over to Taft.

New York, Nov. 7.—Only the uncertainty of a few close states, whose electoral vote in no way can affect the election of Wilson and Marshall, speculation over the popular vote of the three presidential candidates, and the complexion of legislatures that will name United States senators, held interest during the night in the final returns of the general election.

The total of the Republican electoral column apparently was fixed at the 12 votes of Idaho, Utah and Vermont; but the footing of the Wilson and Roosevelt columns flickered alternately during the afternoon and night, as late returns gave indications of change from the results previously accepted.

On the basis of the latest returns, with the vote of Iowa, Kansas and Minnesota given to Wilson, and South Dakota and Wyoming placed in the "doubtful" column, Wilson had 422 certain votes in the electors' college; Roosevelt 89 and Taft 12.

All of the doubtful states except South Dakota gave indications of landing in the Wilson list; while South Dakota showed a general trend toward a Roosevelt plurality.

It is impossible to compute with any certainty the popular vote of any of the presidential candidates, and it will be a number of days until the counting of the three-cornered contest in the different states is concluded and an accurate tabulation of the popular vote made possible.

There were many surprises throughout the night. New Hampshire, first credited to Taft, went into the Wilson column, with a majority of about 500. Returns from Idaho, which came in late, first favored Wilson so strongly as to create the belief that it would give him its electoral vote, but later returns made it the third state to go certainly for President Taft.

With almost complete returns from 73 counties in Iowa, Wilson continued to maintain his earlier lead over Roosevelt, with the majority for the counties indicated of more than 13,600.

## Largest Plurality of Record.

Liberty, Mo., Nov. 7.—Official figures in the third congressional district indicate the election of Joshua W. Alexander, Democrat, by a plurality of between 13,000 and 15,000, the largest the district has ever given a congressional candidate. Judge Francis H. Trimble of Liberty, elected to the Kansas City court of appeals, has the largest vote of any Democrat running in the third district, his majority over his Bull Moose opponent being about 20,000. Francis M. Wilson of Lawrence, was re-elected as senator from the third district by an almost unanimous vote.

## FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE--GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it--no dandruff--no itching scalp and no more falling hair--you must use Knowlton's Danderine. If eventually--why not now? A 25-cent bottle will truly amaze you--Advertisement.

## MAJOR RUNNING AHEAD OF WILSON

Missouri Governor's Majority Bids Fair to Break State Records.

### RETURNS ALMOST COMPLETED

Remainder of State Democratic Ticket Only Slightly Behind Leaders--Progressives Plan Coming Campaign.

St. Louis, Nov. 7.—Latest returns received during the night have increased the Democratic majority for the state and national tickets in Missouri to more than 100,000.

Major, the governor-elect, is running slightly ahead of Wilson. If the same ratio is maintained in the returns yet to come in the Democratic majorities will be more than 125,000, the largest in the history of the state.

With complete returns from 24 counties and the city of St. Louis and incomplete returns from all except eleven small counties in Missouri, Major's vote was 237,423, Taft's 134,112 and Roosevelt's 36,914. At this ratio the Progressive vote in Missouri will be more than 125,000--a figure twice as large as any of the politicians will concede before the returns had begun coming in.

**Major Running Ahead.**

While Wilson's plurality from the returns already in is 102,981 over Taft in the state, Major's is more than 105,710. The remainder of the Democratic state ticket will run several thousand votes behind Wilson and Major, but all will have large pluralities.

The more complete returns indicate the sweeping nature of the Democratic landslide. Of the 142 members of the lower house of the legislature, the Democrats have won 112 to a certainty and ten seats are still in doubt.

The Democrats probably will win a few of these doubtful seats, cutting the Republican representation down to less than 35.

**A Progressive Won.**

Even St. Louis county, felt the effects of the jolt. The Progressives and Democrats combined to overthrow the boss machine and succeeded in a large measure. A Democrat was elected to the legislature and a Progressive to the office of public administrator. Several other county offices were won by the Democrats, almost the first time since the war. F. H. Pehle, the Progressive candidate for state senator, who was also backed by the Democrats, lost by only a small margin.

Of the 18 seats in the state senate, which were to be decided upon, the Republicans won only three, two seats from St. Louis and one from an Ozark district. The Democrats carried the other St. Louis district and the district centering around Sedalia, increasing their already large majority in that body by two seats.

Congressman Richard Bartholdt, Republican, was returned to Washington for his eleventh consecutive term from the tenth district by the slim margin of 944 votes, although two years ago he carried his district, the tenth, by a plurality of 25,244. His chief opponent, Maurice O'Connor, Democrat, 26 years old, received 24,701 votes to Bartholdt's 25,645.

**Progressives Not Discouraged.**

The Progressives here generally are hailing the size of their vote over the state which will be well above 100,000 as a victory. They say that it has demonstrated the permanence of the Progressive party.

They already are making plans for the coming campaigns and here in St. Louis will have a complete city ticket in the field at the municipal election.

**MINOR PARTIES MADE BIG GAINS**

Socialists in Jackson County Nearly Doubled Former Vote--"Drys" Increased Also.

Kansas City, Nov. 7.—The Socialist vote in Jackson county was nearly double what it was four years ago. Dubs for president received a total of 778 votes Tuesday. Four years ago he received 904 votes. His vote in Kansas City was 1,365 and 213 in precincts outside the city.

The Prohibition party shows a gain also. Chaffin received a total of 395 votes in the entire county Tuesday.

Four years ago his vote was 248.

The Socialist-Labor party more than doubled its vote of four years ago.

Tuesday the party polled 171 votes in the county. Four years ago its vote was 68.

Two parties in the race four years ago did not have tickets in the field this time. They were the People's party, which polled 46 votes here in 1908, and the Independence League, with 35 votes in 1908.

**Republican Judges Defeated.**

Springfield, Mo., Nov. 7.—The defeat of the Republican candidates for re-election as judges of the Springfield court of appeals by the Democratic nominees was conceded during the afternoon by presiding Judge J. P. Nixon and Judge Argus Cox, who live here. Judge Howard Gray of Carthage also was defeated. The successful candidates are John S. Warrington of Springfield, W. R. Robertson of Webb City and J. T. Sturgis of Neosho.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer."

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

### MEXICAN REBELS STILL ACTIVE

Zapatistas Defeated Federals at Several Points—Killed Officials in Three Towns.

Mexico City, Nov. 7.—Hordes of Zapatistas have surrounded Cuernavaca and according to dispatches are in control of the city. Great alarm prevails here over this new rebel advance.

General Blanquet and 800 men have been rushed to the city from the capital. It is reported the Zapatistas have defeated the federal's in several small engagements.

In taking Xochitepec and Yautepec the Zapatistas are reported to have assassinated all the town officials in the public square and burned the public buildings. Renewed rebel activities are reported in the state of Oaxaca.
